Homework 3

Due Sep 25 by 6:15pm	**Points** 100	**Submitting** a file upload

Available Sep 18 at 12am - Sep 25 at 6:15pm 8 days

This assignment was locked Sep 25 at 6:15pm.

- **For submission:** Register a domain name and set up web hosting for your personal project and upload a registration "proof" /screenshot to Canvas. You can use any domain registrar, but here is a good option w/ Bluehost: **http://bit.ly/** ↗ **(http://bit.ly/cs519hosting1) cs519hosting1** ↗ **(http://bit.ly/cs519hosting1)** - that option will get you an additional $150 credit towards Google Advertising which you will be able to use for your project.
  - Keep in mind that the domain name you choose will affect your SEO (search engine optimization) so give a thought to the products/services you'll offer on your mock eCommerce website for your personal project before finalizing your domain name, and read **https://moz.com/learn/seo/** ↗ **(https://moz.com/learn/seo/domain) domain** ↗ **(https://moz.com/learn/seo/domain)** for more info.
- Team presentations – prepare!!
- Read SCRUM book to "HOW WE DO SPRINT RETROSPECTIVES"
- Optional but highly encouraged: Please give me 2 min of your anonymous feedback to help improve the class for you and your classmates: **https://goo.gl/forms/** ↗ **(https://goo.gl/forms/s6CeSSbKHJXw6Wel1) s6CeSSbKHJXw6Wel1** ↗ **(https://goo.gl/forms/s6CeSSbKHJXw6Wel1)**

Note on domain names:

- It's not necessary to get a .com domain if .net or .co is cheaper
- While you can pick **any** option where to get domain name and hosting for this class, to make things simpler I've setup a special link on BlueHost.com: **http://bit.ly/** ↗ **(http://bit.ly/cs519hosting1) cs519hosting1** ↗ **(http://bit.ly/cs519hosting1)** . Here is what you would do if you want to use it:

  1. Click "Get Started Now" green link

  2. Select the "Basic Package" at $3.95/mo

  3. Under "New Domain" enter your desired domain name and click "Next"

  4. Select "12 Month Price - $5.95/mo" account plan and un-check any other additional options

  5. Enter your financial info and click "Next"

General domain pricing and some options

- Domain: under $12/year
- Domain + web hosting: under $75/year
- Ecommerce Hosting: under $30/month
